

# I Won't Let You Go (feat. Lauren Daigle)

## Switchfoot

When it feels like surgery  
And it burns like third degree  
And you wonder what is it worth?  
When your insides breaking in  
And you feel that ache again  
And you wonder  
What's giving birth?  
If you could let the pain of the past go  
Of your soul  
None of this is in your control  
If you could only let your guard down  
You could learn to trust me somehow  
I swear, that I won't let you go  
If you could only let go your doubts  
If you could just believe in me now  
I swear, that I won't let you go  
I won't let you go  
When your fear is currency  
And you feel that urgency  
You want peace but there's war in your head  
Maybe that's where life is born  
When our façades are torn  
Pain gives birth to the promise ahead  
If you could let the pain of the past go  
Of your soul  
None of this is in your control  
If you could only let your guard down  
If you could learn to trust me somehow  
I swear, that I won't let you go  
If you could only let go your doubts  
If you could just believe in me now  
I swear, that I won't let you go  
I won't let you go  
I'll always be by your side, yeah  
If you could only let your guard down  
If you could learn to trust me somehow  
I swear, that I won't let you go  
If you could only let go your doubts  
If you could just believe in me now  
I swear, that I won't let you go  
I won't let you go  
(I won't let you go)

I won't let you go  
(I won't let you go)  
There ain't no darkness strong enough that could tear you out from my heart  
There ain't no strength that's strong enough that could tear this love apart  
Yeah there ain't no darkness strong enough that could tear you out from my heart  
No there ain't no strength that's strong enough that could tear this love apart  
Never gonna let you go  
Never gonna let you go  
No I won't let you go
