## I Won't Let You Go (feat. Lauren Daigle)

## **Switchfoot**

When it feels like surgery And it burns like third degree And you wonder what is it worth? When your insides breaking in And you feel that ache again And you wonder What's giving birth? If you could let the pain of the past go Of your soul None of this is in your control If you could only let your guard down You could learn to trust me somehow I swear, that I won't let you go If you could only let go your doubts If you could just believe in me now I swear, that I won't let you go I won't let you go When your fear is currency And you feel that urgency You want peace but there's war in your head Maybe that's where life is born When our façades are torn Pain gives birth to the promise ahead If you could let the pain of the past go Of your soul None of this is in your control If you could only let your guard down If you could learn to trust me somehow I swear, that I won't let you go If you could only let go your doubts If you could just believe in me now I swear, that I won't let you go I won't let you go I'll always be by your side, yeah If you could only let your guard down If you could learn to trust me somehow I swear, that I won't let you go If you could only let go your doubts If you could just believe in me now I swear, that I won't let you go I won't let you go (I won't let you go)

I won't let you go (I won't let you go)

There ain't no darkness strong enough that could tear you out from my heart
There ain't no strength that's strong enough that could tear this love apart
Yeah there ain't no darkness strong enough that could tear you out from my heart
No there ain't no strength that's strong enough that could tear this love apart

Never gonna let you go
Never gonna let you go
No I won't let you go
