

Alive Tonight

Grace Potter

In the dark of the desert
I saw a man with a sign, it said
People get ready, cause it's all over
It's all gonna end tonight I got a feeling we're gonna be alright
But if this is the last time we ever see the daylight We are, we are, we are alive tonight
We are, we are, we are alive tonight You wanna get a reaction
You want everyone to listen to you
You're just living in a prediction, and that don't
That don't make it true, no
I got a feeling we're gonna be alright
But if this is the last time we ever see the daylight We are, we are, we are alive tonight
We are, we are, we are alive tonight Nobody knows what become of tomorrow
Nobody knows til the lights go out
Nobody knows who to fight or follow
There's only one thing I know right now
We are, we are, we are alive tonight
We are, we are, we are alive tonight
We are, we are, we are alive tonight
We are, we are, we are alive tonight
