

# Don't Make Me

Blake Shelton

Girl, when I look at you,  
You look through me like I'm not even there.  
I'm trying not to give up,  
to be strong but I'm afraid to say I'm scared.  
I can't find the place your heart is hiding  
and I'm no quitter but I'm tired of fighting. Baby I love you  
Don't want to lose you,  
Don't make me let you go.  
Took such a long time for me to find you,  
Don't make me let you go.  
Baby, I'm begging please,  
and I'm down here on my knees.  
I don't want to have to set you free...  
Don't make me.  
What if when I'm long gone it dawns on you, you just might want me back?  
Let me make myself clear,  
If I leave here Its done, I'm gone, thats that.  
You carry my love around  
like it's a heavy burden.  
I'm about to take it back,  
Are you sure it's worth it? Baby I love you  
Don't want to lose you,  
Don't make me let you go.  
Took such a long time for me to find you,  
Don't make me let you go.  
Baby, I'm begging please,  
and I'm down here on my knees.  
I don't want to have to set you free...  
Don't make me.  
Baby, I'm begging please,  
and I'm down here on my knees.  
I don't want to have to set you free...  
Don't make me.
