

If I Ain't Got You

Dan Talevski

It's midnight, this ain't right
Stealing my place
Baby, why are we fighting? I need, and we may spend three days
While you're not even trying I like, when you're laying here with me we're so high
I just wanna stay right here wit' you
What you wanna do?
Baby, let me love you, love you
Baby, going crazy
I don't know what I'll do if I ain't got you
Babe, you been right beside me
And I don't got a clue if I ain't got you, babe
I'll do anything for you
I got nothing if I don't got you
Baby, I'm going crazy
I don't know what I'll do if I ain't got you, no no
I don't know what I'll do if I ain't got you, no no
I don't know what I'll do if I ain't got you, babe It's too much, this ain't us
What happened to everything that we started?
Don't let go 'cause I know
Babe, me and you gon' be left broken hearted I like, when you're laying here with me we're so
high
I just wanna stay right here wit' you
What you wanna do?
Baby, let me love you, love you
Baby, going crazy
I don't know what I'll do if I ain't got you
Babe, you been right beside me
And I don't got a clue if I ain't got you, babe
I'll do anything for you
I got nothing if I don't got you
Baby, I'm going crazy
I don't know what I'll do if I ain't got you, no no
I don't know what I'll do if I ain't got you, no no
I don't know what I'll do if I ain't got you, babe I like, when you're laying here with me we're so
high
I just wanna stay right here wit' you
What you wanna do?
So, baby, let me love you Baby, going crazy
I don't know what I'll do if I ain't got you
Babe, you been right beside me
And I don't got a clue if I ain't got you, babe
I'll do anything for you

I got nothing if I don't got you
Baby, I'm going crazy
I don't know what I'll do if I ain't got you, no no
I don't know what I'll do if I ain't got you, babe, no
I don't know what I'll do if I ain't got you, babe
