

Forever

[Mariah Carey](#)

Those days of love are gone
Our time is through
Still I burn on and on
All of my life only for you From now until forever
And ever, my darling, forever
You will always be the only one
You will always be the only one As long as I shall live
I'll hold you dear
And I will reminisce
Of our love all through the years
From now until forever
And ever, my darling, forever
You will always be the only one
You will always be the only one If you should ever need me
Unfailing, I will return
To your arms And unburden your heart
And if you should remember
That we belong together Never be ashamed, call my name
Tell me I'm the one you treasure
Forever and ever
My darling forever
You will always be the only one
You will always be the only one
Oh baby, you will always be the only one
Forever, you will always be the only one
Forever, you will always be the only one
Forever, you will always be the only one
Forever, you will always be the only one
you will always be the only one
