

# All We Got (feat. Dimitri McDowell)

Andy Mineo

More of the same, I'm cornered again  
Back and forth, forth and back with the names  
    Recordin' pain  
You played back when them insecurities rang  
And I ain't even gotta answer, but the question remain  
    Why everything inside of my brain  
    Not applied, it's insane  
    But, yo, I'm tryna change  
Decided to ditch my strength and rely on the King  
Mama said at the end of yourself is where it begin  
    So I'm totally freed, embracin' my limitations  
Wishin' my heart move at the same pace as this information  
    I pray this ain't strange what I'm sayin'  
But I'm tryna find a back door to your imagination  
    I'm here, let me in to be clear  
I'm bringin' somethin' make you wonder who's the one that gave the gifts that I bear  
    What happen next  
    I think about it, do you ever?  
I can give you an answer but a question do you better like..  
    Have you ever loved the treasures of this world  
    When it's insanity?  
    Cause it's killin' me  
Have you ever tried to be something you're not?  
    Cause I've been searching for security  
    Oh, na-na-na  
    His love is all we got  
    I'm tryna go from selfish to selfless  
Not just thinkin' 'bout my needs but someone else's  
    All these pretty women in my city isn't helpin'  
No matter how hot that body, one day it's meltin', yo  
    A good lie got a little truth in it  
    So I'm tryna decide what's real and embellished  
The money comin' in so everybody's good fellas  
    I don't trust em, no phone numbers  
    Tell em e-mail us  
    Can you tell?  
    I've been affected by this industry  
Numbers and CD sales, what the heck has gotten into me?  
    I had to ask myself, what's a win for me?  
Do I worship God or what other people think of me?  
    Soberin' thoughts depletin' my hot air  
Thinkin' 'bout this world when I'm not here

Will I treasure money or the moments that we share?  
 It's funny how, seein' death can make life so clear  
 I got a girlfriend, but so long it feels weird  
 It's not like "Yo, can I get to know you?"  
 More like, "Meet my parents"  
 I think I'm scared cause it's serious  
 And every time I tell somebody they tryna to marry us  
 Pump the brakes  
 I think I love her, but them words ain't been said still  
 Cause last time I did things didn't end well  
 Plus, plus my past was hashtag been trill  
 It's time to grow up, you know what?  
 I ain't trying to be another bum that's just scared of committin'  
 Take everything from these women then go missin'  
 I gotta kill the wicked part of my heart that keeps pimpin'  
 If I ain't got the strength then I know where to get it  
 You live different when you know you've been forgiven  
 His love is forever, don't you ever forget it  
 You live different when you know you've been forgiven  
 His love is forever, don't you ever forget it uh  
 Have you ever loved the treasures of this world  
 When it's insanity?  
 Oh, na-na  
 Cause it's killin' me  
 Have you ever tried to be something you're not?  
 Cause I've been searching for security  
 Oh, na-na-na  
 His love is all we got  
 Please speak your mind, I'm wide open  
 Love you for you girl, let it be hard girl  
 Lay it on the line, tell me all your questions  
 I promise I won't judge you, try not to judge me  
 Have you ever loved the treasures of this world  
 (loved the)  
 When it's insanity? (When)  
 (Oh, na-na-na)  
 Cause it's killin' me  
 Have you ever tried to be something you're not?  
 Cause I've been searching for security  
 Oh, na-na-na (Oh, na-na-na)  
 His love is all we got
