

# Goodbyes (feat. Method Man) [Yung Bae Remix]

## The Knocks

It's been a long time  
Since I been on your mind  
I hope you're feeling alright  
'Cause I don't see no goodbye You should probably bunk this  
Bass up, speakers in the trunk shit  
Banging in the spot, hands up on the fun tip  
Jumping, I've been on my day one shit  
As a young kid, all up in the city doing dumb shit  
Ah, I been tight, never stretching my own  
Beast in the streets  
Fans, shoulda never let 'em out  
Swag, lemme show you what the fresh about  
Hot and on you, can't cut the trouble out  
I stay wavy on the late tip  
Techno, two-stepping in the basement  
In the bathroom probably getting faded  
Until the day hits, hope you got some shades kid It's been a long time  
Since I been on your mind  
I hope you're feeling alright  
'Cause I don't see no goodbye  
Adios, sayonara, dasvidaniya  
Hasta la huego, au revoir, tu sabes fuego  
See ya later, alligators can get my way though  
My girl a winner  
Just a killer, I'm moving quavo  
I say tomato you say tomato  
Might be gone today but you back tomorrow  
You know the motto, the truth is harder to swallow  
My story harder to follow and you ain't part of the novel, no  
I'm pleading the fifth, y'all can sleep with the fish  
Leave a rapper bleeding for this  
I am called the blow killer  
Like cheater, I'm swift, I'ma eat up your slip  
Better yet, I'm like an ape in the mist, y'all, I'm Gorilla  
Me and The Knocks, we put a key in the locks  
ipt the tea in the pot  
I can't stop for no reason  
'Cause I ain't got no reason to stop  
Mattafact!  
It's been a long time

Since I been on your mind  
I hope you're feeling alright  
'Cause I don't see no goodbye(I don't see no goodbye, I don't see no good, good  
I don't see no goodbye, I don't see no, no, no  
I don't see no goodbye, I don't see no  
I don't see no goodbye, I don't see no, no, no)It's been a long time  
Since I been on your mind  
I hope you're feeling alright  
'Cause I don't see no goodbye
