

# Stay Awake

## London Grammar

I am the blank page before you  
I am the fine idea you crave  
I live and breathe under the moon  
And when you cross that bridge I'll come find you  
Stay awake with me  
You know I can't just let you be  
Stay awake with me  
Take your hand and come and find me  
I don't have a skin like you do  
To keep it all in like you do  
I don't have a soul like you  
The only one I have is the one I stole from you  
Stay awake with me  
You know I can't just let you be  
Stay awake with me  
Take your hand and come and find me  
Stay awake with me  
You know I can't just let you be  
Stay awake with me  
Take your hand and come and find me
