

# Happy

## La Garfield

J'ai parcouru les nuits, toute ma vie et  
J'ai jamais pu revoir, des yeux comme ça  
Je t'ai trouvé une seule nuit par hasard dans cette ville  
Et j'ai jamais pu revoir des yeux comme ça This cannot be your face; you're a stranger I'm facing  
This cannot be your face; you're a stranger I'm facing  
Could it be your face and my memory is erasing it?  
This cannot be your face; you're a stranger I'm facing I gave my heart to you, tried to make my  
life happy  
I gave my heart to you, tried to make my life happy  
I don't see how you could throw away all you got from me  
I gave my heart to you, tried to make my life happy  
Happy, to make my life so happy This cannot be your face; you're a stranger I'm facing  
This cannot be your face; you're a stranger I'm facing  
Could it be your face and my memory is erasing it?  
This cannot be your face; you're a stranger I'm facing  
I gave my heart to you, tried to make my life happy  
I gave my heart to you, tried to make my life happy  
I don't see how you could throw away all you got from me  
I gave my heart to you, tried to make my life happy
