

# Glow

## Madcon

My heart beats to your song  
a melody sent from god  
i can't breath when you're gone  
yes, i'm deeply in love (be my valentine)  
every single day of my life (i'm gonna sacrifice)  
night and day, day and night today's the day (today's the day)  
i'm know you feeling my sound (imma make you glad)  
cause today's the day (today's the day)  
imma lay it down (imma lay it down)  
imma get up so i can't get down (imma)  
and anywhere i go thunder sound?(imma)  
i'm the lord of the underground? (imma, imma)  
part of the jungle (imma, imma)  
Let's glow  
i can't wait i can't wait to see you glow  
around the world around the world people glow  
i can't wait i can't wait to see you glow  
around the world around the world people glow let us share this moment  
let's enjoy this night  
get the world connected  
those who are loved are kind?  
see we trying to reach ya  
get the world to see  
though we both feel different  
you are just like me  
today's the day (today's the day)  
i'm know you feeling my sound (imma make you glad)  
cause today's the day (today's the day)  
imma lay it down (imma lay it down)  
imma get up so i can't get down (imma)  
and anywhere i go thunder sound?(imma)  
i'm the lord of the underground? (imma, imma)  
part of the jungle (imma, imma) Let's glow  
i can't wait i can't wait to see you glow  
around the world around the world people glow
