

# Flesh without Blood

## Grimes

Live as yourself  
Oh-ah-ah  
Oh-ah-ah You claw, you fight, you lose  
Got a doll that looks just like you  
Remember when we used to say  
"I love you" almost every day  
I saw a light in you  
Going out as I closed our window  
You never liked me anyway Hey, hey, hey  
I don't see the light I saw in you before  
And no, I don't, and no, I don't  
And now I don't care anymore  
(And now I don't care anymore)  
Baby, believe me  
I don't know how many times  
You destroyed everything that you love  
(Uncontrollable)  
If you don't need me  
Just let me go You hate, you bite, you lose  
After all, I just don't like you  
It's nice that you say you like me  
But only conditionally  
Your voice, it had the perfect flow  
It got lost when you gave it up though  
Cause you want money  
You want fame  
Hey, hey, hey  
I don't see the light I saw in you before  
And no, I don't, and no, I don't  
And now I don't care anymore  
(And now I don't care anymore) Baby, believe me  
I don't know how many times  
You destroyed everything that you love  
(Uncontrollable)  
If you don't need me  
Just let me go Oooh, oooh  
Ay, ay, oh, no Baby, believe me  
I don't know how many times  
You destroyed everything that you love  
(Uncontrollable)  
If you don't need me  
Just let me go

Baby, believe me  
I don't know how many times  
You destroyed everything that you love  
(Uncontrollable)  
If you don't need me  
Just let me goAh  
(Uncontrollable)

Ah
