## Numb

Driven

I have mirrors, one for each of you  
I reserve the Absolute: I always tell the Truth  
all that I can see: reflections in your eyes  
I am Postulate One: I always lie as above is not so below  
spider webs, dotted lines hold all I behold  
driven like a suicide through a noose of hope  
alibis demystified hold on... and let go DRIVEN... LIKE A SUICIDE  
HEADFIRST AGAINST THE TIDE  
DRIVEN... LIKE A SUICIDE  
HEADLONG INTO THE NIGHT

...yes:

take me with you  
I want to belong  
show me something  
I need to be wrong  
tell me all of  
your favourite lies  
warm me with your  
illusory fires  
fires...  
lies...
