

The Divine Conspiracy

Epica

Quaestio nostra est aeterna
Ultima requies fons vitae
Sed eam ut novam ducemus
We'll never know all possibilities to predict what is to come
And so we have illusions to think freely
Once we have been
Rich from within
Did not try to reach
What we couldn't achieve
Because once we have been
Able to win
From the need to succeed
We need to be innocent to live the life we've lived for so long
We need to be blind enough to live the life we live right now
Who possesses your time also possesses your mind
Once we have been
Rich from within
Did not try to reach
What we couldn't achieve
Because once we have been
Able to win
From the need to succeed
We need to be innocent to live the life we've lived for so long
We need to be deaf enough to live the life we live right now
Reach out, touch infinity
Life is just a memory
Time is not the entity
Like it used to be
The Divine Conspiracy
Opens up the reality
Time is not the entity
Like it claims had to be
Once we have been
Rich from within
Did not try to reach
What we couldn't achieve
Because once we have been
Able to win
From the need to succeed
We need to be innocent to live the life we've lived for so long
We need to be insensitive to live and so ignore it all
Who possesses your time, also possesses your mind

Who possesses your time
- Mislead us all, we are not in control
Also possesses your mind
- There is no trace that will lead to this place
Reach out, touch infinity
Life is just a memory
Time is not the entity
Like it used to be
The Divine Conspiracy
Opens up the reality
Time is not the entity
Like it claims had to be
Desperately we all
Clutch at the last straw
We stumble and fall
Countdown to die out
To heal it all
We will never reach
Our capacities, no more
We cannot expand
Our boundaries
Once we have been
Rich from within
Did not try to reach
What we couldn't achieve
Because once we have been
Able to win
From the need to succeed
We need to be innocent to live the life we've lived for so long
We need to be insensitive to breath so we can take it all for granted
Reach out, touch infinity
Life is just a memory
Time is not the entity
Like it used to be
The Divine Conspiracy
Opens up the reality
Time is not the entity
Like it claims had to be
