

# Train

## 4 Non Blondes

What ya gonna do child  
when your thoughts are movin' slow  
find another to show you where to go  
you'll be searchin' for that train  
and you'll see it's a train  
What ya gonna do child  
when your mommy goes away  
she won't take you  
she'll leave you astray  
you'll be searchin' for that train  
and you see yourself  
searchin' for somebody else  
but you know for sure it's that train  
What ya gonna do child  
when you leave it all behind  
find another, to blow it in your mind  
you'll be searchin' for that train  
and you'll see it's a train  
and you see yourself  
searchin' for somebody else  
but you know for sure it's that train
