

# Attention

## The Academy Is...

Attention

May I have all your eyes and ears to the front of the room

If only

If only for one second This table has taken a turn for the worse

Rock bottom

And over the edge

Well

It's not like it hurts that much anyway

Upside down and inside out

When I leave here I'm going alone

Well it's not like it

Not like it hurts much anyway

Attention

May I have all your eyes and ears to the front of the room

If only

If only for one second

Will you hear what I have to say?

Did I mention when I see you it stings like hell

Due to the fact that we could have something that'll never happen

Did you hear what I have to say This balance has weighed out our heart's desire

I'm trying to make it alone

Well it's not like it hurts that much anyway

Upside down and inside out

When I leave here I'm going alone

But I'm dying

I'm dying to touch

And it's not like it

Not like it hurts much anyway

Attention

May I have all your eyes and ears to the front of the room

If only, if only for one second

Will you hear what I have to say?

Did I mention when I see you it stings like hell?

Due to the fact that we could have something Attention

May I have all your eyes and ears to the front of the room

If only

If only for one second

Will you hear what I have to say?

Did I mention when I see you it stings like hell?

Due to the fact that we could have something that'll never happen

Did you hear what I have to say Attention

Upside down and inside out
