

Demons

Guster

My words confuse you
My eyes don't move or blink
'Cause it's easier sometimes not to be sincere
Somehow I make you believe
Believe...When I speak I cross my fingers
Will you know you've been deceived?
I find a need to be the demon
A demon cannot be hurt
Honest is easy
Fiction's where genius lies
'Cause it's easier sometimes not to be involved
Somehow I make you believe believe
Believe...When I speak I cross my fingers
Will you know you've been deceived?
I find a need to be the demon
A demon cannot be hurtWhen I speak I cross my fingers
Will you know you've been deceived?
I find a need to be the demon
A demon cannot be hurt
When I speak I cross my fingers
Will you know you've been deceived?
I find a need to be the demon
A demon cannot be hurt
