

# No Idea

## All Time Low

I was dreamin' we were running from a city burning down, down, down.  
Made a break, a new escape, and let the world crash, down, down, down.  
Now there's a piece of me Tells me I shouldn't leave  
Everytime I see your face.  
(Everytime I see your face.)  
Because every time You come around  
Love you take my breath away.  
And I just wanna breathe until I take you in.  
I never want you to leave until I take you in. (But the truth is...)  
She has no idea (no idea)  
That I'm even here (that I'm even here).  
She has no idea (no idea)  
That I'm even here (that I'm even here).  
Get a grip, slip and trip, oh the clumsy careless words, words, words.  
Paper-thin fingerprints on a softly spoken verse, verse, verse. Now there's so much of me Telling  
me not to leave  
Everytime I see your face.  
(Everytime I see your face.)  
Because every time You come around  
How do you take my breath away.  
And I just wanna breathe until I take you in.  
I never want you to leave until I take you in. (But the truth is...) She has no idea (no idea)  
That I'm even here (that I'm even here).  
She has no idea (no idea)  
That I'm even here (that I'm even here).  
She's so close when I'm so far away, when I'm so far away  
Let me dream, let me stay.  
She's so close when I'm so far away, when I'm so far away I can sleep, I can dream, I can  
change...  
(Has no idea)  
But I'm so far away  
(That I'm even here.) (She has no idea,)  
Now I'm so far away.  
(That I'm even here.)  
She has no idea (no idea)  
That I'm even here (that I'm even here).  
She has no idea (no idea)  
That I'm even here (that I'm even here).  
She has no idea (no idea)  
That I'm even here (that I'm even here).  
She has no idea (no idea)  
That I'm even here (that I'm even here).

(She has no idea, dea, dea)

She has no idea (no idea)
