

# This Could Be Love

**Lalah Hathaway**

Sounds just like it, looks just like it, feels just like it  
Hurts just like it, feels just like it, real just like it  
Sounds just like it, looks just like it, feels just like it  
Like this could be love  
Hurts just like it, feels just like it, real just like it  
Like this could be love  
Speechless, he's ... If I could only put it in words  
But I know that it feels good  
He's my weakness, I can't explain how it works  
But to me it's real and I hope I'm not wrong  
And I got you dead on  
And everything's still good  
But I'm losing control  
Cause I really don't know, if I'm falling in love  
Sounds just like it, looks just like it, feels just like it  
Hurts just like it, feels just like it, real just like it  
Sounds just like it, looks just like it, feels just like it  
Like this could be love  
Hurts just like it, feels just like it, real just like it  
Like this could be love  
We ain't gotta kiss and tell  
Though I want a riot  
I feel it so strong and it really turns me on  
So I can't deny it  
I'm losing control, and I really don't know  
I don't know what I'm gonna do  
You are the one for me  
If this is where I fall in love, fall in love  
Ain't no sense in holding back, hey  
I'm going out of my mind  
I'm losing all my sanity, losing control, baby  
I think I may be falling in love, think I may be falling  
And it feels like love  
Sounds just like it, looks just like it, feels just like it  
Hurts just like it, feels just like it, real just like it  
Sounds just like it, looks just like it, feels just like it  
Like this could be love  
Hurts just like it, feels just like it, real just like it  
Like this could be love.
