

# Hey Ma

## Family of the Year

Hey Ma, what's new at home?  
Have you talked to Dad?  
Does he know about the band?  
Hey Tim, what's up with the scene?  
Is it still the same? Will I still fit in? It's been so long since I've been home  
I don't care if I ever get there  
I just want to see you all again The beach, is it still fun?  
Do you drink and smoke and ride the waves  
And the ride back home, is it still a dusty, dusty road?  
In my mind some things change  
It's been so long since I've been home  
And I don't care if I ever get there  
I just want to see you all again Hey Ma, I'm up in space  
It seems I can't come down  
There's no where to land  
There's no where to land  
No where to land  
It's been so long since I've been home  
I don't care if I ever get there  
I just want to see you all again Tell me some things never change  
Not a side of you that if I ever get through  
I just want to see you all again
