Avalon (feat. Myles Kennedy & The Conspirators)

Slash

Through the miles I cannot escape My fate I know will come in time With my back to the wind I cheat it again With a smileForged in blood Billowing up The truth I cannot speak But I made it back One last timeAvalon It's been way too long I can see in your eyes The fire is all but gone Tales untold Never to know Unspeakable until the end All these mysteries I'll never speak of againBut my love I hope you believe Now I'm gonna give you every part of me I am homeAvalon It's been way too long I can see in your eyes The fire is all but goneBut please keep holding on Stay Tonight I need your love Don't Say Goodbye My sweet AvalonAvalon It's been way too long I can see in your eyes The fire is all but goneMy sweet Avalon It's been way too longAvalon It's been way too longAvalon Song Discussions is protected by U.S. Patent 9401941.
