

Sincerely Yours

Kylie Minogue

This isn't goodbye
I just need a little time to hide
We're forever you and I
And you know it Wouldn't give it all away
'Cause we weathered that
Storm and the pouring rain
When I need a little love
You show it And nothing beats that high
But coming down from you
Well it takes just a little time
So I put it in writing
This is au revoir, I won't go that far
(You'll still see me, you'll still hear me
Love you dearly, ah)
And this is not the end, I'll come back again
(You'll still see me, you'll still hear me
Love you dearly, yours sincerely) Ah, ah ah ah, ah
Ah, ah ah ah, ah Every little word
Every dance I do when I'm shaking it for you
Even when it hurts
There's nothing on earth I wouldn't do for you 'Cause nothing beats that high
But coming down from you
Well it takes just a little time
So I put it in writing
This is au revoir, I won't go that far
(You'll still see me, you'll still hear me
Love you dearly, ah)
And this is not the end, I'll come back again
(You'll still see me, you'll still hear me
Love you dearly, yours sincerely) Ah, ah ah ah, ah
Ah, ah ah ah, ah Give me those thrills, I won't forget ya
Put it all down in a love letter
Love letter
Love letter
(Sincerely yours)
Give me those thrills, I won't forget ya
Put it all down in a love letter
Love letter
So I put it in writing This is au revoir, I won't go that far
(You'll still see me, you'll still hear me
Love you dearly, ah)
And this is not the end, I'll come back again

(You'll still see me, you'll still hear me
Love you dearly, yours sincerely) Ah, ah ah ah, ah
Ah, ah ah ah, ah Give me those thrills, I won't forget ya
Put it all down in a love letter
Love letter
Sincerely yours
