

# The Great American Nightmare (feat. Howard Stern)

Rob Zombie

Yeah, dig deep down from Planet X, yeah  
Thirteen ghosts in the devil's head  
Step right up and feel the fire  
Hardcore love of the never dead Call me the American Nightmare  
Call me the American Dream  
Call me your soul corrupted  
Call me everything you need Yeah, motherfucker  
Yeah, who do you love?  
Yeah, motherfucker  
Who do you love? Yeah Yeah, black boots stomp and penetrate, yeah  
Lust and death gone in your head  
Rat Pack mind degenerated  
Thirteen ghosts sing the body red  
Call me the Dark Intruder  
Call me the Haunted Sea  
Call me your Monster Zero  
Call me anything you need Call me the American Nightmare  
Call me the American Dream  
Call me your soul corrupted  
Call me everything you need Yeah, motherfucker  
Yeah, who do you love?  
Yeah, motherfucker  
Who do you love? Yeah Call me the American Nightmare  
Call me the American Dream  
Call me your soul corrupted  
Call me everything you need  
Yeah, motherfucker  
Yeah, who do you love?  
Yeah, motherfucker  
Who do you love? Yeah Yeah, motherfucker  
Yeah, who do you love?  
Yeah, motherfucker  
Who do you love? Yeah
