

Daddy Issues

The Neighbourhood

Take you like a drug
Taste you on my tongue Ask me what I'm thinking about
I'll tell you that I'm thinking about
Whatever you're thinking about
Tell me something that I won't forget
But you might have to tell me again
It's crazy what you do for a friend Go ahead and cry little girl
Nobody does it like you do
I know how much it matters to you
I know that you got daddy issues And if you were my little girl
I'd do whatever I could do
I'd run away and hide with you
I love that you got daddy issues, and I do too
I tried to write your name in the rain
But the rain never came
So I made with the sun
The shade, always comes at the worst time Ask me what I'm thinking about
I'll tell you that I'm thinking about
Whatever you're thinking about
Tell me something that I'll forget
And you might have to tell me again
It's crazy what you'll do for a friend Go ahead and cry little girl
Nobody does it like you do
I know how much it matters to you
I know that you got daddy issues And if you were my little girl
I'd do whatever I could do
I'd run away and hide with you
I love that you got daddy issues, and I do too
I keep on trying to let you go
I'm dying to let you know
How I'm getting on
I didn't cry when you left at first
But now that you're dead it hurts This time I gotta know
Where did my daddy go?
I'm not entirely here
Half of me has disappeared Go ahead and cry little boy
You know that your daddy did too
You know what your mama went through
You gotta let it out soon, just let it out Go ahead and cry little girl
Nobody does it like you do
I know how much it matters to you
I know that you got daddy issues And if you were my little girl

I'd do whatever I could do
I'd run away and hide with you
I love that you got daddy issues, and I do too
And if you were my little girl
I'd do whatever I could do
I'd run away and hide with you
I love that you got daddy issues, and I do too
