

Push Comes to Shove

Jackyl

It is a hornet swarming around
Your political correct world is incorrect, I've found
An angry young man is what I became
The day that you got full of yourself and now only you're to blame
Push, push me on off of the ledge

I'm standin' with my toes hangin' over the edge
Not worried 'bout a push comin' down from above
I'm ready for you
Look in my hands it's not what it seems
Touch my hands I been around touch the man
Touch the fist that can shatter your dreams
Push, push me on off of the ledge

I'm standin' with my toes hangin' over the edge
Not worried 'bout a push comin' down from above
I'm ready for you
Push, push me on off of the ledge
I'm standin' with my toes hangin' over the edge
Not worried 'bout a push comin' down from above
I'm ready for you when push comes to shove
Push, push me on off of the ledge

I'm standin' with my toes hangin' over the edge
Not worried 'bout a push comin' down from above
I'm ready for you
Push, I'm on the ledge

I'm standin' with my toes hangin' over the edge
Not worried about a push comin' down from above
I'm ready for you when push comes to shove
