

# John Wayne

## Cigarettes After Sex

He's got so much love for her  
But he doesn't know what to do  
Sitting in the car  
Waiting outside of school  
He's in for a heartbreak if it's all been blind faith  
From my point of view  
Baby, he's got to be crazy  
Living like he's John Wayne  
Always facing the world and chasing the girl  
Baby, he's got to be crazy  
He's got so much in his heart  
But he doesn't know what to do  
All he wants is her  
Lying inside his room  
He's always feeling cheated  
Telling all his secrets  
That I couldn't keep  
Baby, he's got to be crazy  
Living like he's John Wayne  
Always facing the world and chasing the girl  
Baby, he's got to be crazy  
Baby, he's got to be crazy  
Living like he's John Wayne  
Always facing the world and chasing the girl  
Baby, he's got to be crazy
