

# Lemme Get That

Rihanna

I got a house, but I need new furniture,  
Why spend mine when I could spend yours  
The truth is I will love you the same  
But why complain you buying gucci babe You might see me in the spot  
Ya boy think I'm hot  
So I came up in here to get what you got  
I'm hot like the block  
Ugh Huh you like that  
know you wanna bite that  
Ugh Huh yea right there  
They love the young girl  
They wanna give it to me  
Wish I was in a flick  
And I ain't talking movies  
If ya young, if ya hot girl  
Shake what ya got girl  
I keep 'em singing...  
Lemme hit that (Huh?)  
(What you got up in them jeans? Put it on me, or get lonely)  
Lemme get that (Huh?)  
(You know, 5 car garages, name on your bank account, all day massages)  
Lemme hit that (Huh?)  
(I wanna put it on blast)  
Lemme get that (Huh?)  
(Better slow down, for I make you crash boy)  
Got what you want  
Baby got what you need,  
But we can't proceed  
Unless you got that for me I got a house, but I need new furniture,  
Why spend mine when I could spend yours  
The truth is I will love you the same  
But why complain you buying gucci babe  
I'm a put you on the spot  
keep the sheet in knots  
I bought me a benz,  
You buy me the yacht  
A girl need a lot,  
The girl need some stocks  
Bonds is what I got, bonds is what I got (ya get it?)  
They love the young girl  
They wanna give it to me  
Wish I was in a flick,

and I ain't talking movies  
If ya young, if ya hot girl  
Shake what ya got girl  
I keep em singing...Lemme hit that (Huh?)  
(What you got up in them jeans? Put it on me, or get lonely)

Boy I know you want my love  
Oh... Oh... Oh...  
Nothing is free in this world
