

# Opera House

## Cigarettes After Sex

Built an opera house for you in the deepest jungle  
And I walked across its stage, singing with my eyes closed  
    I've got a love for you  
    I just can't escape  
All of my love for you cuts me like barbed wireOoh, I was meant to love you  
    And always keep you in my life  
    Ooh, I was meant to love you  
    I knew I loved you at first sight  
    If I abandoned love, I'd be a man without dreams (ooh)  
    I'd rather be out there staring death  
    Right between its eyes now  
    And I can still hear the sound of you crying through the night  
There in the opera house with no one else for milesOoh, I was meant to love you  
    And always keep you in my life  
    Ooh, I was meant to love you  
    I knew I loved you at first sight  
    Ooh, I was meant to love you  
    And always keep you in my life  
    Ooh, I was meant to love you  
    I knew I loved you at first sight
