

# Drivin' Around Song (feat. Jason Aldean)

## Colt Ford

Man, have you ever just wanna go ridin around, no worries?  
Well thats this kinda song  
Yeah alright  
This is for everybody out there, circling the town square,  
Proud to be stuck out in the middle of nowhere  
USA, Chevrolet, Dodge and Ford,  
Raising a little hell and praising the Lord  
Yes sir  
Just simple truth speaking, working for the weekend  
Every time it hits the fan you just keep on keeping  
Youre tried and true, red white and blue  
Turn it up, turn it up man, this ones for you  
Hey, this is for the drivin round,  
Jack and Diane town, anywhere Saturday night  
Yeah, yeah, this is for the back roads,  
Turning up the radio, heading right  
Where the two lane turns into main street  
Cruising the same streets  
Over in the passenger seat,  
Baby aint never looked better, just singing along  
To this drivin around song  
Yea I know what Im talking about, I grew up in them rural routes  
Counting down them days til I got brave enough to bust out  
City lights in my sights, Im gonna do it up right  
Now Im sitting here with this guitar tonight,  
Kicking it in the big town, wishing Id had slowed it down,  
Id give anything if I was driving around with them big dreams in my pocket  
Yeah, this is for the ones who dont know how good they got it.  
Hey, this is for the drivin round,  
Jack and Diane town, anywhere Saturday night  
Yeah, yeah, this is for the back roads,  
Turning up the radio, heading right  
Where the two lane turns into main street  
Cruising the same streets  
Over in the passenger seat,  
Baby aint never looked better, just singing along  
To this drivin around song  
Alright everybody, get in your truck,  
get in your car, whatever it is.  
Small town America baby  
Were goin drivin around  
Hey, this is for the drivin round,

Jack and Diane town, anywhere Saturday night  
Yeah, yeah, this is for the back roads,  
Turning up the radio, heading right  
Where the two lane turns into main street  
Cruising the same streets  
Over in the passenger seat,  
Baby aint never looked better, just singing along  
To this drivin around song  
This is for the drivin round, Jack and Diane town  
To this drivin around song
