I only call when I'm alone  
I only call when I'm alone  
I only call when I'm alone  
Touch me in the morning  
I'll tell you while you're moaning, baby  
There's something in this water  
So drink it 'til you're falling for me  
Touch me in the morning  
I'll tell you while you're moaning, baby  
There's something in this water  
So drink it 'til you're falling for me
