

# If We Never Meet Again

**Tony Bennett & k.d. lang**

If we never meet again  
I'll have a rose to remember  
And the snows of December  
Will bring you back to me  
If we never meet again  
I'll fall asleep in the flowers  
And dream of the hours  
We spent in ecstasy  
The leaves in the fall  
Will recall the beauty  
I found in your eyes  
The birds in the Spring  
When they sing will tell me  
That love never dies  
If we never meet again  
As sure as heaven above you  
Forever I'll love you  
If we never meet again  
The leaves in the fall  
Will recall the beauty  
I found in your eyes  
The birds in the Spring  
When they sing will tell me  
That love never dies  
If we never meet again  
As sure as heaven above you  
Forever I'll love you  
If we never meet again
