

# Catching Feelings

Justin Bieber

Sun comes up on another morning  
My mind never wakes up without you wanted  
And it's crazy to me, I even see you in my dreams  
Is this meant to be? could be happening to me We were best of friends since we were this high  
So why do I get nervous every time you walk by  
We would be on the phone all day  
Now I can't find the words to say to you  
Now what i'm supposed to do Could there be a possibility  
I'm trying to say what's up  
Cause i'm made for you, and you for me  
Baby now is time for us  
Tryna give it all together  
But enough is enough  
They say we're too young for love  
But i'm catching feelings, catching feelings  
In my head we're already together  
I'm good alone, but with you i'm better  
I just wanna see you smile  
You say the word and i'll be right there  
I ain't never going nowhere I'm just trying to see where this can take us  
Cause everything about you girl is so contagious  
I think I finally got it done  
Now it's left to do now, it's get at the mirror  
And say it to her Could there be a possibility  
I'm trying to say what's up  
Cause i'm made for you, and you for me  
Baby now is time for us  
Tryna give it all together  
But enough is enough  
They say we're too young for love  
But i'm catching feelings, catching feelings  
Should I tell her, how I really feel  
Or should I moving closer just be still  
How would I know?  
Cause if I take a chance, and I touch her hand  
Well everything changes  
How do I know, if she feels the same? Could there be a possibility  
I'm trying to say what's up  
Cause i'm made for you, and you for me  
Baby now is time for us  
Tryna give it all together  
But enough is enough

They say we're too young for love  
But i'm catching feelings, catching feelingsCatching feelings, catching feelings...
