

Doughnut for a Snowman

Guided By Voices

Starts off her day
With a Kristy Kreme doughnut
As sweet as life can get
Runs out to play
With the promising uncles
Who promise her a pet
She likes the good humor man
She likes his song
When everything goes right for her
When everything goes wrong
She turns around
At the heart of the drop beat
To let them all check out
Look what she's found
When the gawkers and squawkers
Exchange their costumes
She loves the good humor man
He says they don't call us that
She'll run like the wind
Through the street scene and hand
A doughnut to her snowman
Doughnut for a snowman
