

# Stuck On the Puzzle

[Alex Turner](#)

I'm not the kind of fool who's gonna sit and sing to you  
About stars, girl  
But last night I looked up into the dark half of the blue  
And they'd gone backwards  
Something in your magnetism  
Must have pissed them off  
Forcing them to get an early night  
I have been searching from  
The bottom on the top  
For such a sight  
As the one I caught when I saw your  
Fingers dimming the lights  
Like your used to being told that you're trouble  
And I spent all night  
Stuck on the puzzle  
Nobody I asked knew how he came to be the one to whom  
You surrendered  
Any man who wasn't led away  
Into the other room  
Stood pretending  
Somethin in your magnetism  
Hadn't just made him drop  
Whoever's hand it was holding  
I have been searching from  
The bottom to the top  
For such a sight  
As the one I caught when I saw your  
Fingers dimming the lights  
Like your used to being told that you're trouble  
And I spent all the night  
Stuck on the puzzle  
I tried to swim to the side  
But my feet got caught in the middle  
And I thought that I see the lights  
But oh no  
I was just stuck on the puzzle  
Stuck on the puzzle
