

# Thieves Like Us (7" Promo Edit)

## New Order

I've watched your face for a long time  
It's always the same  
I've studied the cracks and the wrinkles  
You were always so vain  
Well, now you live your life like a shadow  
In the pouring rain  
Oh, it's called love  
Yes, it's called love  
Oh, it's called love  
And it belongs to us  
Oh, it dies so quickly  
It grows so slowly  
But when it dies, it dies for good  
It's called love  
And it belongs to everyone but us  
I've lived my life in the valleys  
I've lived my life on the hills  
I've lived my life on alcohol  
I've lived my life on pills  
But it's called love  
And it belongs to us  
It's called love  
And it's the only thing that's worth living for  
It's called love  
And it belongs to us  
It's called love  
Yes it's called love  
Oh, love is found in the east and west  
But when love is at home, it's the best  
Love is the cure for every evil  
Love is the air that supports the eagle  
It's called love  
And it's so un-cool  
It's called love  
And somehow it's become unmentionable  
It's called love  
And it belongs to every one of us  
It's called love  
And it cuts your life like a broken knife
