

# Just a Smile

## Pilot

Any time you like to get next to me, any time  
I could easily make you mine, any time  
If you ever end needing a loving care, I'll be there  
This is something we can share, any time Just a smile, just an only smile  
Lets me know where I belong  
Don't you know you're turning me on, turn me on  
Finding out what it's all about  
Reaching up to the sky  
Don't you know you're getting me high, oh too high  
Everybody likes to have someone else, to get mine  
There's nobody else but you, you and I  
Any time you like to get next to me, any time  
Nobody can deny, we'll get by Just a smile just an only smile  
Lets me know where I belong  
Don't you know you're turning me on, turn me on  
Finding out what it's all about  
Reaching up to the sky  
Don't you know you're getting me high, oh too high  
Just a smile just an only smile  
lets me know where I belong  
Don't you know you're turning me on, turn me on  
Finding out what it's all about  
Reaching up to the sky  
Don't you know you're getting me high, oh too high Any time you like to get next to  
Any time you like to get next to  
Any time you like to get next to me
