

# Is That a Tear

Tracy Lawrence

Last thing I expected  
Was to get her call tonight  
Cause the last thing that I heard from her  
She found "Mr. Right"  
But when I came home this evening  
There it was on my machine  
And I'm just wondering what the hell it means  
Said she said she's sorry that she missed me  
And she's been doing fine  
I'd run it back and heard her say  
Those words a hundred times  
Something makes me wonder  
Is she happy with her choice  
Or is that a tear I hear in her voice  
First time that I listened  
I thought boy shes got some nerve  
But the second time I heard it  
I heard more then just her words  
Am I just wishful thinking  
Or did her voice really crack  
I'll never know  
If I don't call her back  
Said she said she's sorry that she missed me  
And she's been doing fine  
I'd run it back and heard her say  
Those words a hundred times  
Something makes me wonder  
Is she happy with her choice  
Or is that a tear I hear in her voice  
Oh is that a tear  
Lord is that a tear I hear in her vioce
