

# Dead Man Walking

## Smiley

You killed me  
When you left me  
Now you're looking  
At a dead man walking  
x2Dead man walking  
X3I said no you said yes  
I will go don't love you no more  
And you left me alone  
With a broken soul  
And you killed all my dreams  
You killed everything  
Can't go on living  
Without you by my side  
There's no death  
There's no lifeYou killed me  
When you left me  
Now you're looking  
At a dead man walking  
x4Dead man walking  
I'm a dead man walking  
I'm a dead man walkingI said black you said white  
I don't mind let's leave that behind  
I'm sure we can find  
A new way of life  
'Cause you killed all my dreams  
You killed everything  
Can't go on living  
Without you by my side  
There's no death  
There's no lifeYou killed me  
When you left me  
Now you're looking  
At a dead man walking  
x4I know we broke up  
Kinda messed up  
But I know that  
We can give it one more try  
x4You killed me  
When you left me  
Now you're looking  
At a dead man walking  
x4At a dead man walking

Now you're looking  
At a dead man walkingAt a dead man walking
