

# Get Low

## Editors

The rally cry, the call to arms  
Another lame excuse  
So bite your tongue, 'cause where's the fun  
In another truce  
So get low  
Only the last glow (?) lights up an atmosphere, an atmosphere  
Only the last glow (?) lights up an atmosphere, an atmosphere  
I am blinded here  
I wish I could solve this, solve this  
I just can't  
I wish I could solve this, solve this  
I just can't  
I do believe your bible states your crime  
I do believe your hate justifies mine  
Now get low  
Only the last glow (?) lights up an atmosphere,  
an atmosphere  
Only the last glow (?) lights up an atmosphere, an atmosphere  
I am blinded here  
I wish I could solve this, solve this  
I just can't  
I wish I could solve this, solve this  
I just can't  
Now get low  
I wish I could solve this, solve this  
I just can't  
I wish I could solve this, solve this  
I just can't  
I wish I could hold this in my hands  
I wish I could solve this, now solve this  
I just can't
