

# This Way

## Khalid & H.E.R.

[Khalid:]  
You say I'm trippin', bullshit  
You're the one to make me do shit  
You're the one to make me feel it  
The feeling of stupid  
I was in your corner  
When you were putting me through shit  
Now you wanna leave  
No, you leaving me was foolish You left me this scar on my heart  
And I left you a brand new car  
How nice of you, the price of true love  
True love is absolute  
So what more can I say?  
You make me this way  
What more can I say?  
You make me this way[H.E.R.:]  
Yeah, all of these excuses  
Say I'm the one that made you ruthless  
But you're the reason I'm crazy  
And with you I feel useless  
I let you have it  
You took me for granted  
Always wanna play the victim  
When they don't know the truth is...[Khalid & H.E.R.:]  
You left me this scar on my heart  
[H.E.R.:]  
When I'd never take it that far (oh)  
Why would you say that it was true love  
If true love is absolute, what more can I say?  
[Khalid & H.E.R. (H.E.R.)]  
What more can I say?  
You make me this way  
(You make me this way)  
What more can I say?  
(What can I say?)  
You make me this way[H.E.R.:]  
I tried to stay the night  
You won't let me inside  
Oh, you push me away  
You'll never change  
Just another fight  
Between you and your pride

Oh, what more can I say?  
What more can I? [Khalid (H.E.R.):]  
What more can I say? (Say)  
You make me this way  
(You make me this way)  
What more can I say?  
(What more?)  
You make me this way (way)  
(What, can I?)
