

The Beach

All Time Low

Well, you're a long walk from my street
And I'm dying in this summer heat
I hope like hell you're waiting, waiting
Everybody's living like they're crazy in love
I'm a dizzy mess and everything is so above me
From the floor I found a life I lead today
Well, they can take, take, take the kids from the
summer
But they'll never, never, never take the summer from me
It was the very first time that I lost my mind for a week
They can make, make, make me forget
the weather
If they'll never, never, never wash the sand from my feet
It was the very last time that we said goodbye to the beach
(Showing off, showing off our teeth)
So make one last call back home
'Cause tonight we go it alone
And I hope that you know I'm waiting, waiting
(Summer, do you feel me?)
Everybody's singing like they're crazy in love
We made a dizzy mess of everything and it was enough
So bring all the boys and all the girls together
Well, they can take, take, take the kids from the
summer
But they'll never, never, never take the summer from me
It was the very first time that I lost my mind for a week
They can make, make, make me forget
the weather
If they'll never, never, never wash the sand from my feet
It was the very last time that we said goodbye to the beach
(Showing off, showing off our teeth)
You're going out in style and I'm getting tired of
Summer, do you feel me? Listen, can you hear it?
(All your lying stop pretending, stop)
Cave in and believe me, open up and scream it
The answer's in the smile and I'm coming clean just
Summer, do you feel me? Listen, can you hear it?
(Give me something, stop pretending)
Cave in and believe me, open up and scream it
Well, they can take, take, take the kids from the
summer
But they'll never, never, never take the summer from me
It was the very first time that I lost my mind for a week
They can make, make, make me forget
the weather
If we'll never, never, never wash the sand from my feet
It was the very last time that we said goodbye to the beach
(Showing off, showing off our teeth)
