

# Don't Take It Personal (Just One of Dem Days)

## Monica

It's just one of dem days, when I wanna be all alone  
It's just one of dem days, when I gotta be all alone  
It's just one of dem days, don't take it personal  
It's just one of dem days, and you think I treat you wrong I wanna take some time out to think  
things through  
I know it always feels like I'm doing you wrong but I'm so in love with you  
So understand that I'm only in love, you're the only one I need  
So have no thought that I want to leave, and baby trust me please Just one of dem days, that a  
girl goes through  
When I'm angry inside, don't want to take it out on to you  
Just one of dem days, don't take it personal  
I just wanna be all alone, and you think I treat you wrong Don't take it personal  
Baby, baby, baby, baby, baby  
I sit and think about every thing we do  
And I find myself in misery and that ain't cool  
Hey now, I really want to be with you the whole way through  
But the way you make me feel inside keeps me confused As I swing back mood to mood it's not  
because of you  
I never want you to be insecure, so won't you understand  
That I'm only in love, you're the only one I need  
I'll be there for you when you need me boy, so baby don't you leave Just one of dem days, that a  
girl goes through  
When I'm angry inside, don't want to take it out on to you  
Just one of dem days, don't take it personal  
I just wanna be all alone, and you think I treat you wrong Just one of dem days, that a girl goes  
through  
When I'm angry inside, I don't want to take it out on you  
Just one of dem days, don't take it personal  
I just wanna be all alone, and you think I treat you wrong  
Don't take it personal  
Baby, baby, baby, baby, baby  
Don't take it personal, yeah  
Don't take it personal Just one of dem days, that a girl goes through  
When I'm angry inside, don't want to take it out on you  
Just one of dem days, don't take it personal  
I just wanna be all alone, and you think I treat you wrong Don't take it personal, baby  
Personal baby, personal baby  
Personal baby, personal baby  
Personal baby, personal baby, personal baby
