## Don't Take It Personal (Just One of Dem Days)

## Monica

It's just one of dem days, when I wanna be all alone
It's just one of dem days, when I gotta be all alone
It's just one of dem days, don't take it personal
It's just one of dem days, and you think I treat you wrongI wanna take some time out to think things through

I know it always feels like I'm doing you wrong but I'm so in love with you
So understand that I'm only in love, you're the only one I need
So have no thought that I want to leave, and baby trust me pleaseJust one of dem days, that a
girl goes through

When I'm angry inside, don't want to take it out on to you Just one of dem days, don't take it personal

I just wanna be all alone, and you think I treat you wrongDon't take it personal Baby, baby, baby, baby, baby

I sit and think about every thing we do

And I find myself in misery and that ain't cool

Hey now, I really want to be with you the whole way through

But the way you make me feel inside keeps me confusedAs I swing back mood to mood it's not because of you

I never want you to be insecure, so won't you understand That I'm only in love, you're the only one I need

I'll be there for you when you need me boy, so baby don't you leaveJust one of dem days, that a girl goes through

When I'm angry inside, don't want to take it out on to you Just one of dem days, don't take it personal

I just wanna be all alone, and you think I treat you wrongJust one of dem days, that a girl goes through

When I'm angry inside, I don't want to take it out on you

Just one of dem days, don't take it personal

I just wanna be all alone, and you think I treat you wrong

Don't take it personal

Baby, baby, baby, baby

Don't take it personal, yeah

Don't take it personalJust one of dem days, that a girl goes through

When I'm angry inside, don't want to take it out on you

Just one of dem days, don't take it personal

I just wanna be all alone, and you think I treat you wrongDon't take it personal, baby

Personal baby, personal baby

Personal baby, personal baby

Personal baby, personal baby, personal baby
