## Lil Uzi Vert

[Pre-Chorus] That's true, that's right She's sipping Moet, and yeah I swear it gets her wetter My Louboutins new, so my bottom stays redder No I'm not a rat but I'm all about my cheddar Just talked to your homie she said we should be together Gave me brain was so insane that I made her my header If she ever call my phone you know I gotta dead her But I like that girl too much, I wish I never met her Hello I was listening to this song It goes likeI know it hurts sometimes but you'll get over it You'll find another life to live I swear that you'll get over it I know you're sad and tired You've got nothing left to give You'll find another life to live I know that you'll get over it Wish I never ever told you things I was only only trying to show you things Iced out heart your neck trying to froze your ring I had to get a me a new bitch to hold the pain We was in Hawaii looking at the ring She smiling happy but I'm laughing 'cause she's meddling That just goes to show me money don't attract things Stuck to the plan even though you used to go? I know it hurts sometimes but you'll get over it You'll find another life to live I swear that you'll get over it I know you're sad and tired You've got nothing left to give You'll find another life to live I know that you'll get over it Ice out on my RAF you strapped up your Rick Diamonds on your neck, ice all on my wrist Compliment my style She don't want me running wild You know I respect her on that level She don't want me then I'ma let her Go over there with that broke fella Walk off my Saint Laurent, that leather My new chick I swear that she better
