

# You Are My Number One

## Smash Mouth

Hold me down, I'm gonna fly straight to heaven  
Hold me down, don't ever let go  
I've been around, you know I can't stay forever  
And when I leave, I want you to know When I'm finally gone, I'm gonna be gone without a trace  
There's a lot of good times ahead before we're done  
And on top of this list of things, before I leave this place  
You are my number one, yes you are my number one  
'Cause you can tell me lies, you know that I'd still believe you (say wha'?)  
Stay right here, don't leave from that spot (come right back here, my girl)  
I can't go, you know I'm afraid to leave you  
Don't you know? You're all that I've got  
I'm afraid if you go, you might disappear behind a mist  
And I'd rather be hung from a tree or shot by a gun  
And of all of these things that matter here upon my list  
You are my number one, yes you are my number one You are my number one (say so)  
Trying to make it clear (good gosh)  
Trying to let you know  
When you're afraid  
I'm gonna be there...(Ska lyrics)  
When I'm finally gone, I'm gonna be gone without a trace  
There's a lot of good times ahead before we're done  
And and and on top of this list of things before I leave this place  
You are my number one  
Yeah, you are my number one  
Whoa baby, said you are my number one  
You are my number one
