

You Are My Number One

Smash Mouth

Hold me down, I'm gonna fly straight to heaven
Hold me down, don't ever let go
I've been around, you know I can't stay forever
And when I leave, I want you to know When I'm finally gone, I'm gonna be gone without a trace
There's a lot of good times ahead before we're done
And on top of this list of things, before I leave this place
You are my number one, yes you are my number one
'Cause you can tell me lies, you know that I'd still believe you (say wha'?)
Stay right here, don't leave from that spot (come right back here, my girl)
I can't go, you know I'm afraid to leave you
Don't you know? You're all that I've got
I'm afraid if you go, you might disappear behind a mist
And I'd rather be hung from a tree or shot by a gun
And of all of these things that matter here upon my list
You are my number one, yes you are my number one You are my number one (say so)
Trying to make it clear (good gosh)
Trying to let you know
When you're afraid
I'm gonna be there...(Ska lyrics)
When I'm finally gone, I'm gonna be gone without a trace
There's a lot of good times ahead before we're done
And and and on top of this list of things before I leave this place
You are my number one
Yeah, you are my number one
Whoa baby, said you are my number one
You are my number one
