

Morning Sun

Dot Allison

Try to catch her
falling from the sun
There's an answer
'till the daylight comes
Try to catch her
falling from the sun
There's an answer
'till the daylight comes
Try to catch her
falling from the sun
There's an answer
'till the daylight comes
Try to catch her
falling from the sun
Maybe you'll die
in her arms
Maybe you'll die
in her arms
Maybe you'll die
in her arms
Maybe you'll die
in her arms
In her arms
in her arms
in her arms
in her arms
There's an answer
'till the daylight comes
Try to catch her
falling from the sun
There's an answer
'till the daylight comes
Try to catch her
falling from the sun
There's an answer
'till the daylight comes
Try to catch her
falling from the sun
There's an answer
'till the daylight comes
Try to catch her

falling from the sun
