Grupo Rush

Oh man, I need you, shawty
Been waiting for you to call me
We haven't spoke on the phone so long
Oh baby, I'm so sorry, I know that you are lonely
So stop frontin', baby, please come home Oh man, I need you, shawty
Been waiting for you to call me
We haven't spoke on the phone so long
Oh baby, I'm so sorry, I know that you are lonely
So stop frontin', baby, please come home I got a picture in my head
Of me and you again and it's killing me so bad
Oh and you ain't there and it's getting me all scared
'Cause in my heart I really care
And I don't think this love is fair, it's crazy
I'm missing you caressing me
Or me caressing you
It's like the stuff we use to do, oh baby Miel, te voy a juntar
Y me la voy a comer
Te hare el amor una y otra vez
Si I got a picture in my head
Of me and you again and it's killing me so bad
Oh and you ain't there and it's getting me all scared
'Cause in my heart I really care
And I don't think this love is fair, it's crazy Jasmine, ahora!
S, que yo estoy perfecto!
Dijiste que me amabas
No quiero ms pretectos
Regresa ya, no aguanto ms presin
Mucha veces te he dejado
Pero no en esta ocasin Donde estas? Que no te veo?
(Veo)
Qu te marchaste? Que a m me olvidaste? Ya eso no lo creo
(Creo)
Donde esta aquel amor que me juraste
Que ya no lo veo?
(Veo) Baby, dime que no me dejaste
Qu solo fue un paseo?
(Seo) I got a picture in my head
Of me and you again and it's killing me so bad
Oh and you ain't there and it's getting me all scared
'Cause in my heart I really care
And I don't think this love is fair, it's crazy I'm missing you caressing me or me caressing you
It's like the stuff we use to do, oh baby

I'm missing you caressing me or me caressing you
It's like the stuff we use to do, oh baby Jasmine, donde estars, uhh ohh
Please Vuelve, Jasmine
Te quiero slo para m
Mami, vuelve, please
Sin m no vas hacer feliz Vuelve, Jasmine
Te quiero slo para m
Mami, vuelve, please
Sin m no vas hacer feliz
