

# Taste

## Animal Collective

Will you sign my  
TasteAm I really all the things that are outside of me?  
Would I complete myself without the things I like around?  
Does the music that I make play on my awkward stage?  
Do you appreciate the subtleties of taste buds?My friend and me were having laughs  
In a living room filled with arts and crafts  
He said "I like their clothes and their china plates  
But what I really want is a simple place  
With no flashy clothes 'cause you can't eat those"  
Only Ma'd pretend to like the clothes you showed to me  
Something in my heart can tell me it's a weakness  
Maybe you would have more luck playing those tasty games  
But me, I called and called and never heard from her again  
She's too good to share our favorite things  
I'll keep an open mind if you let me in  
Don't let your temper rise, don't get a bitter face  
Try not to judge me on my kind of taste  
And don't go changing clothes when they don't like yoursAm I really all the things that are  
outside of me?
