## Blind (feat. Emmi) [Synapson Remix]

## Feder

I'd figured out There wasn't a doubt In my mind I was So blind to it So obvious now Now I can see how Them late night set you On fire then youYou pulled a face I've seen Only in magazines Can't look you in the eye I wanna run and hide Heart stops and can't breathe what did you say to me It right down blow my mind Didn't see, it coming coming coming Didn't see, it coming coming coming Didn't see, it coming coming coming Didn't see, it coming coming I didn't didn't know I didn't didn't I didn't didn't know I didn't didn't I didn't didn't knowI'm sorry I ran With scissors in hand I'm so young that was Straight dumb of me Hand out off the sand Now I understand I'm numb I was Undone the you You pulled a face I've seen Only in magazines Can't look you in the eye I wanna run and hide Heart stops and can't breathe What did you said It down right blew my mindDidn't see, it coming coming Didn't see, it coming coming coming Didn't see, it coming coming coming Didn't see, it coming coming Coming I didn't didn't know I didn't didn't I didn't didn't know I didn't didn't

I didn't didn't knowIt's so bright You make it all shine When I saw you tonight It was like the first time And I could one night Turn me down upside When I saw you tonight It was like the first time And I,I didn't didn't know I didn't didn't know I didn't didn't know
